DETAILS OF BUSINESS

Pursuant to Regulation 46(2) of SEBI (Listing Obligations Disclosure Requirements) Regulations, 2015

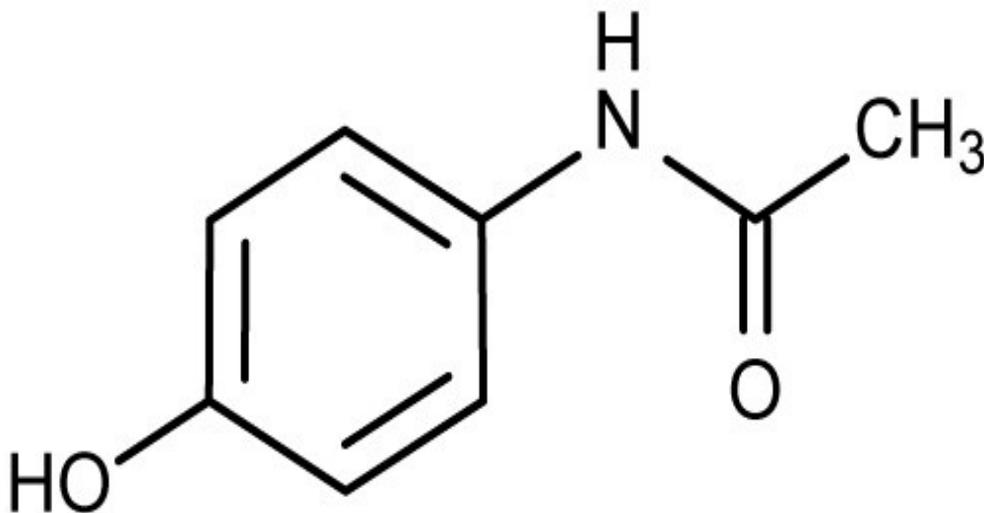

Valiant Laboratories Limited (the Company) is an Active Pharmaceutical Ingredient Manufacturing company in India, backed by a legacy of 40 years, that has established a reputation of being a highly reliable supplier, one that is capable of not only meeting but also anticipating market needs. The Company is a part of Aarti Group of industries.

The company was originally started in the year 1980 as a partnership firm under the name of Bharat Chemicals as one of the leading manufacturers of Para Nitro Phenol which has applications in manufacturing of drugs, fungicides and rubber additives.

After few years of Research and development the Company started their journey in pharmaceutical industry by manufacturing Paracetamol (Active Pharmaceutical ingredient). Later the partnership firm was converted to public limited company named as Valiant Laboratories limited.

The Company majorly focus on manufacturing Paracetamol API/Bulk Drug which has several applications like uses in treatment of conditions such as headache, muscle ache, arthritis, back ache, toothache, cold and fever.

Paracetamol/Acetaminophen

The Company operates a single location manufacturing facility at Tarapur industrial estate. The facility is well equipped with latest instruments and equipment's to meet the requirements of our customers and it also offer different grades of the API as per the requirement of the customer. The manufacturing facility is strategically located at a distance of 150 Km from Nhava Sheva Port (JNPT) and approximately 110 Km from the registered office in Mumbai.

The Company also has a dedicated team for carrying out various research and development projects to identify newer molecules that company can commercialise and further add to its growth.
